

# Our job is to ensure your safety

Whether in buildings, company sites or car parks – we take care of your security.

Reliable plant security, creation of customised security concepts, 24-hour help desk: Apleona HSG Facility Management is the expert for personal and technical security and infrastructure services.

Our many years of corporate experience allows us to individually tailor our service to the needs of our clients. A first-class service throughout Germany is ensured by our highly qualified and committed employees. Cooperation with specialist units of Apleona HSG Facility Management allows us to take full advantage of synergies and so offer clients a wide range of services.

Whether continuously at an office building or a commercial site, in industry or for events: when it comes to security, we are the right partner to rely on.

Our offer extends from classical security through technology to reception services. We are also happy to perform security analyses and draw up customised concepts.
