

APLEONA

Culinaress

We inspire with gastronomic quality

That's what we stand for...

HOSPITALITY for us means to give every guest a smile. We create a place of well-being by always being unique and individual. Our claim is to provide the highest quality as well as the best service. Because food tastes especially good when you enjoy it together.

CULINARY ART means freshly cooked meals. Our cuisine is very varied, nutritionally conscious and includes local dishes paired with global cross-over cuisine. We exceedingly appreciate the high craftsmanship of our chefs and cooks.

SUSTAINABILITY is not a side issue for us. We prefer regional suppliers, producers & farmers. We cook with the seasons. Our climate concept FoodPRINT creates CO2 transparency - for everyone. We promote electric mobility, use plastic-free packaging and a lot more.

DIGITALIZATION for change. With our Culinaress app and catering portal, we create information, action and bonus programs for our guests - 24/7. We successfully use cashless payment systems. We are innovative, flexible and accompany our customers into the digital future.

WHAT WE OFFER...

- menus rich in variety
- appetizing snacks
- top conference & event service
- coffeebar and bistro
- sustainable food concepts
- store and vending machine concepts

Realising Potential.
